

RoHS DECLARATION

Subject: Conformance to RoHS Directive 2011/65/EU and its Amendment Directives

28th October, 2014

To : Whom it May Concern,

We confirm that the entire Waterlogic machine range is manufactured in accordance with the Directive on the Restriction of the Use of certain Dangerous substances (RoHS). All our machines and components undergo strict testing with SGS Laboratories in Tianjin to confirm RoHS conformance.

The RoHS Directive "Restriction of the Use of certain hazardous substances in electrical and electronic equipment" regulates the use of six substances: Lead (Pb), Mercury (Hg), Hexavalent Chromium (Cr (VI)), Cadmium (Cd), fireproof materials containing diphenyl polybromide (PBB and also PBDE).

Yours sincerely

Jonathan Ben-David
